ATTENTION TO END BUYER'S COMPANY

REPRESENTED BY:

KINDLY TAKE NOTICE that reference is drawn to your correspondence as received, the draft copy of the purportedly sent MT199 has been reviewed and was not received by our bankers, we advise that you furnish earnestly the identity of your sending bank as its required that it must be from a premium bank; notably it is required that your buyer presents the proof of fund during the top table meeting at our liaison office in Rotterdam as an assertion of the buyer's ability to financially administer the obligations of the purchase order.

TAKE NOTE that the requested one hundred and fifty thousand Euros CANNOT be merged to the payment of the product, it practically defeats the purpose of the payment which is the logistic administration of the purchase order protocols, the issuance of the dip test authorization and subsequent injection and lifting of the product. This issue was tacitly and mutually agreed upon and your company thereafter expressed the challenges of attending to the matter via cash payment, which necessitated the issuance of an invoice for a wire transfer of the required funds. We further advice that the remittance be effected promptly and the proof of payment presented at the top table meeting in Rotterdam.

FURTHER TAKE NOTE that we await your immediate action as we confirm and pledge our absolute commitment to the supply of the allotted product.

Best Regards
